Protection Details

Start Date	19/04/26	For Travel In	Australia + other countries thereafter subject to terms of the rental agreement
End Date	23/04/26	Your Age	Age limits: 19 to 85
Limit	US\$80,200.00	Claims	www.rentalcover.com/en/claim

Full Protection

This protection provides the full value of excess charges for all types of single & multi-vehicle accidents plus things the rental companies do not cover in their insurance (theft, towing, tyres, windscreens, key loss etc) and the many additional charges from rental companies (mainly admin/processing fees, "loss of use" and relocation fees). Extra drivers who are on the rental agreement are covered free of charge. Claim Fee is US\$0.00. Can be cancelled anytime before pickup.

Benefits:

This protection covers any damage or repair costs for a rental car in any country and it provides coverage for travel to any other country. This is an alternative to the "excess reduction" policies sold by rental companies at the rental desk. The excess on vehicles is typically over US\$4,040.00 - this protection is designed to insure this amount for at least 50% cheaper than what you would pay at the rental company desk. We also have none of those hidden exclusions that rental companies hide, such as windscreen/tyre/headlight repair & replacement, single vehicle accidents, towing, roadside repair costs, key loss and more!

Driver must be aged 19 to 85. Additional drivers who are on the rental agreement with you are covered free of charge. Note that the supplier may require a refundable bond. Can be cancelled anytime before pickup.

The claim fee on this certificate is US\$0.00.
